# DRESS CODE POLICY

---

In order for members and their guests to properly prepare for any program or event we have prepared a booklet of appropriate attire. All members and their guests are asked to dress appropriately and adhere to all dress code policies. You are always encouraged to advocate for your Club by wearing DCC branded attire when appropriate.

Attire must meet the standards outlined in this booklet. Staff may at any time reserve the right, in their sole discretion, to deny access to any facility if a member or their guests' attire does not align with Club standards.

Unless otherwise noted, Club Casual dress is the preferred attire for most Club areas and events.

## Attire Should:

Respect the values and traditions of our Club with regard to appropriate and tasteful dress.

Be considerate of other members and guests; members are encouraged to consider respect for tradition, modesty, and comfort level of fellow members when making attire selections. If in doubt as to whether or not attire complies with these guidelines, please choose a more conservative option.

## Attire Not Acceptable Anywhere At The Club:

Gentlemen wearing hats indoors. Hat bills must face forwards when worn outdoors.

Overly revealing clothing.

Clothing with graphics or inappropriate language.
